## LOST IN STRIKES.

Twenty Million Days in the Present Year Lost Through Labor Wars.

The annual volume on the mineral resources of the United States for 1901, prepared by Dr. David L. Day of the geological survey, has been sent to the press and will be issued soon. An interesting feature of the report is a compilation of statistics showing the number of working days lost in strikes in the coal industry. These figures include the present year and are brought up to date. The total number of days lost for the present year is placed at 20,000,000 days, compared with 733,803 days in 1901; 4,878,105 in 1900 and 2,124,154 in 1899.

The report places the total mineral product of the year at \$1,086,529,521, a gain of a little more than 2 percent over the production of 1900. The gain was made in the non-metallic products and amounted to \$555,005,885, against a loss of \$32,150,909 in the metallic products.

### URIBE-URIBE DEFEATED.

Hunted After a Fourteen Hours' Engagement at La Ciénaga.

Governor Salazar has received news from Baranquilla of another battle fought at La Ciénaga, on the Magdalena river, which was attacked by the forces of Generals Uribe-Uribe and Castillo, who managed to get together their previously defeated forces with which they attacked the town. The battle lasted fourteen hours and the revolutionists, according to official reports, were completely defeated and suffered great losses. The government thinks this battle means the pacification of the department of Magdalena, for Uribe-Uribe is now said to be without any important following and must either become a guerrilla leader or escape to the island of Corrientes.

### MANY COOLIES DROWN.

Lost Their Lives in Moje Harbor by Capsizing of Boat.

Information comes from the Orient reporting that on the evening of September 15th, while the big steamer Shawmut was lying at anchor in the swift current of Moje harbor a large sampan, filled with coolies, men, women and children, was swept across her chain cables and instantly capsized. Some of the unfortunate men grabbed hold of the chain and were hauled upon deck, but the women and children were carried under the ship and the coolies, which was lying alongside, and not seen again. Owing to the lamentable indifference to find out how many lives were lost, the nearest calculations arrived at make it fifteen women, two men and several children.

### IMMENSE APPLE CROP.

Fruit Growers in Fremont County, Colo., Are Blessed.

The apple crop of Fremont county, Colorado, this year will be the largest for the past twenty years, while the production of other fruits will be unusually heavy. The apple crop is estimated to be worth \$250,000, and the other fruits \$100,000.

These figures are compiled by the Fremont County Fruit Growers' Association, and are considered absolutely reliable. In reaching the value of the apple crop, the amount of fruit and the returns thereon are compared with the amount still in the hands of the producers and the prices which will be received later on.

## CASE NO. 30,611.

C. E. Boies, Dealer in Grain and Feed; Address, 605 South Water Street, Akron, Ohio—Cured in 1896.

Mr. Boies says: "Ever since the Civil War I have had attacks of kidney and bladder trouble, decidedly worse during the last two or three years. Although I consulted physicians, some of whom told me I was verging on Bright's disease, and I was continually using standard remedies, the excruciating aching just across the kidneys, which radiated to the shoulder blades still existed. As might be expected, when my kidneys were in a disturbed condition there was a distressing and inconvenient difficulty with the action of the kidney secretions. A box of Doan's Kidney Pills, procured at Lamparter & Co's drug store, brought such a decided change within a week that I continued the treatment. The last attack, and it was particularly aggravated, disappeared."

### Cure Confirmed Four Years After.

Four years later Mr. Boies says: In the spring of 1896 I made a public statement of my experience with Doan's Kidney Pills. This remedy cured me of terrible aching in the kidneys, in the small of my back, in the muscles of the shoulder blades, and in the limbs. During the years that have gone by I can conscientiously say there have been no recurrences of my old trouble. My confidence in Doan's Kidney Pills is stronger than ever, not only from my personal experience, but from the experience of many others in Akron, which have come to my notice."

A FREE TRIAL of this great Kidney medicine which cured Mr. Boies, will be mailed on application to any part of the United States. Address: Foster-Milburn Co., Buffalo, N. Y. For sale by all druggists, price 50 cents per box.

## BEDS OF ALL NATIONS.

Strange Resting Places in Vogue in Foreign Countries.

Considering that a third of our whole lives is spent in bed, it is not surprising that much care, trouble, and money should be spent on our sleeping places.

In England the unhealthy feather bed has been almost entirely succeeded by the more hygienic mattress, which also is the rule in America. French beds are so short that the average foreigner often complains that it demands a special education to fold oneself up to the right size for them. Many Norwegian beds are made to pull out from recesses. In South and Central America the hammock reigns, and the Indians of Guiana plait the most beautiful hammocks of grass, which they dye charming colors.

In Japan the bed consists of the matting-covered floor with a curious wooden reekrest; a form of bolster that to a European would be a simple instrument of torture. The Chinese use low bedsteads, often elaborately carved, with mattresses and coverings of matting. In winter they sleep in heavy garments wadded with cotton. No one is more easily suited with sleeping accommodation than the negro; he, like a cat, can curl up and take his rest anywhere.—Modes and Fabrics.

### About the Size of It.

After reading the medical journals for a couple of months we have come to the conclusion that it is positively harmful to sleep on an empty stomach, to sleep on a full stomach, to sleep on the back, on the side, or sitting up, before midnight or after midnight or at midday; to eat fruit, vegetables or meat; to fast; to drink or to refrain from drinking; to walk or run or work or remain idle; to sleep with the window open or the window shut; to—but what's the use? All the people who know how to live successfully are dead.

## ST. JACOB'S OIL.

In cases where bronchitis has become chronic from want of proper treatment in the earlier stages, there is nothing so good as Dr. August Koenig's Hamburg Breast Tea, in conjunction with which is strongly advised the use of St. Jacobs Oil as an outward application along the front of the throat, from close up under the chin to well down to the top of the chest; the one remedy assists the other and as intended, they work in complete union. The wonderful penetrating power of St. Jacobs Oil enables it to reach the adhesion of foreign matter, which lines the bronchial tubes and which makes breathing more and more difficult. As these adhesions become inflamed and enlarged St. Jacobs Oil causes such adhesions to break away, making expectoration easier and more free. Dr. August Koenig's Hamburg Breast Tea, drank slowly and very hot, soothes and heals the parts, is comforting and quieting, stops the cough and relieves the breathing. This manner of treatment (and there is no other two remedies that will work together so successfully) reaches the difficulty from the outside and the inside at the same time. St. Jacobs Oil reaches the roots of the adhesion and assists Dr. August Koenig's Hamburg Breast Tea in clearing them; then both remedies act in union in healing and curing. The above remarks apply with equal force in cases of asthma, croup, whooping cough, enlarged tonsils and all bronchial affections. Every family should have St. Jacobs Oil and Dr. August Koenig's Hamburg Breast Tea always in the house in order that they may be promptly used in the first stages. Often the maladies develop with wonderful rapidity and complications take place with equal suddenness.

### He Wanted Limes.

A recent visitor to Maine tells of an amusing experience in the "Prohibition state." Anticipating the difficulty of getting things to drink there he took with him an ample supply of "makin's" for gin rickeys, all except the limes, which he supposed he could procure anywhere.

The day after arriving at his destination, a small town near the Rangeley lakes, he went to the only store and asked the clerk if he kept any limes. The clerk thought a moment and replied, tentatively: "We got chloride of lime and quicklime, if those'll do you."—New York Times.

### Motor Cars in Scotland.

The motor-car terror is said to have struck Scotland severely on account of the number of rich tourists who visit that country. In one case a heavy racing automobile, running very rapidly at night, plunged into a flock of sheep being driven to market, and killed and mangled quite a number of them.

### Beware of Ointments for Catarrh That Contain Mercury.

As mercury will surely destroy the sense of smell and completely derange the whole system when entering it through the mucous surfaces. Such articles should never be used except on prescriptions from reputable physicians, as the damage they will do is tenfold to the good you can possibly derive from them. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, O., contains no mercury, and is taken internally, acting directly upon the blood and mucous surfaces of the system. In buying Hall's Catarrh Cure be sure you get the genuine. It is taken internally, and made in Toledo, Ohio, by F. J. Cheney & Co., 231 North Dearborn St., Chicago, Ill. Sold by Druggists, price 75c per bottle. Hall's Family Pills are the best.
